

FlexPrint Inc. Named One of the Valley's Best Places to Work *Company Named to the Phoenix Business Journal's List for the Fourth Time*

TEMPE, Arizona – Dec 19, 2011 - FlexPrint Inc., (www.flexprintinc.com), the leading national provider of document management and managed print solutions, is proud to announce they have been named 2011 Best Places to Work in the Valley by the *Phoenix Business Journal*. This marks the fourth year FlexPrint has made the publication's annual list in the small business category.

"Being named one of the Best Places to Work speaks highly of the special culture we have created at FlexPrint," said Frank Gaspari, CEO and Founder of FlexPrint. "We recognize that our employees are the driving force behind our success. That said, we spend a lot of time and resources dedicated to rewarding and retaining our talented team."

The *Phoenix Business Journal's* Best Places to Work program highlights Valley companies with great workplace practices whose operations are changing the business landscape. Organizations were ranked based on employee participation in a survey conducted by research partner, Quantum Workplace. The list awards more than 100 organizations each year in the categories of Micro, Small, Medium, Large and Extra Large.

"I'm proud of the culture and the incentive programs we've been able to establish," Gaspari said. "The environment fosters hard work, respect and results. It's a foundation that has made all the difference in the company's recent growth and success."

The Best Places to Work honor is just one of several awards the company received this year. In March, *imageSource Magazine* awarded FlexPrint a Perfect Image Award for Most Outstanding MPS Program. In July, *Arizona Business Magazine* and BestCompaniesAZ named FlexPrint one of Arizona's Most Admired Companies. In August, FlexPrint was named one of America's Fastest Growing Private Companies by *Inc. Magazine's* 500|5000 list for the second consecutive year. And in October, *Week In Imaging* named FlexPrint an Elite Dealer.
